

Abdullahi Mustafa

A Software Engineer

— based in Lagos.

Innovative **Software Engineer** with **3+ years** of experience developing scalable web applications utilising **React.js**, **Next.js**, **Vue.js**, and **Node.js**.

Proven ability to implement complex transactional logic, contribute across the full development lifecycle, and deliver pixel-perfect user interfaces.

Seeking **Frontend** or **Fullstack** roles where I can keep building intuitive, impactful web experiences.
